

Round 2

Sunday was double round day.

Ifan faced an Indian AGM graded 2170 on a live board. Despite a spirited fight, his opponent proved too strong.

Hugo's loss in Round 1 did not provide an easy path in Round 2. Instead he faced an Hungarian FM rated 2185 (2293 earlier this year). This was a very close game with both players needing a bit of luck. Hugo tried a number of nice tactics but his opponent proved skillful at extracting himself from difficult positions and ultimately secured the win after over 4 hours of play.
